YOUR SUPPORT OF CHARITIES

With its unique capability to act as a focal point for the support of important social causes, Toast to Humanity offers your organization an important benefit through Nines & Vines participation.

A portion of the total event payment is a charitable donation to support the humanitarian efforts of Toast to Humanity.

Working with the team at Toast to Humanity you may also select an organization which you would wish to support and part of that charitable donation can be reserved for them.

Nines & Vines is the perfect way to entertain top clients while at the same time giving to a charitable cause you feel is important.

Some of the organizations Toast to Humanity already supports are:

THE WINE EXPERIENCE

Toast to Humanity has developed exclusive relationships with wineries and wine importers from around the world. Coupled with their wine experts knowledge they are able to offer an exceptional wine educational experience and have all wine donated to this unique program.

First, a menu is custom created for each event by you, the team at Nines & Vines and the Chef at the selected resort or country club. Wines are then paired to create the perfect dining experience.

Toast to Humanity then provides members of the Society of Wine Educators to discuss each wine pairing with the group.

A 5" X 7" menu with your company logo is created and provided each guest reflecting each menu item and ingredients, the wine paired with it and the reasons.

The result is an interactive and educational experience. Each guest will learn about the best approaches to pairing wines, how wines can compliment menu items and about the benefits of a well rounded knowledge of wine.

THE GOLF EXPERIENCE

The golf Invitational then takes place the next day. Activities are custom created with you to maximize client enjoyment, your branding and the overall quality of the experience.

With a limited field the Invitational is designed to be intimate and enjoyable for every guest. As the format is “stroke play” each golfer will have the chance to challenge the golf course.

Beginning with morning registration and breakfast the group heads to the driving range for a “Big Break” style warm up.

Several of the unique skills challenges some will experience are:

- The famous glass breaking
- Long drive contest
- Pitching accuracy
- \$10,000 instant win putting contest

Then, lead by the echoing sounds of a bagpiper the group takes to the links.

THE GOLF EXPERIENCE

Tour quality signage is in place on the golf course, celebrity athletes can be retained, top quality tee gifts are provided and special activities placed on holes.

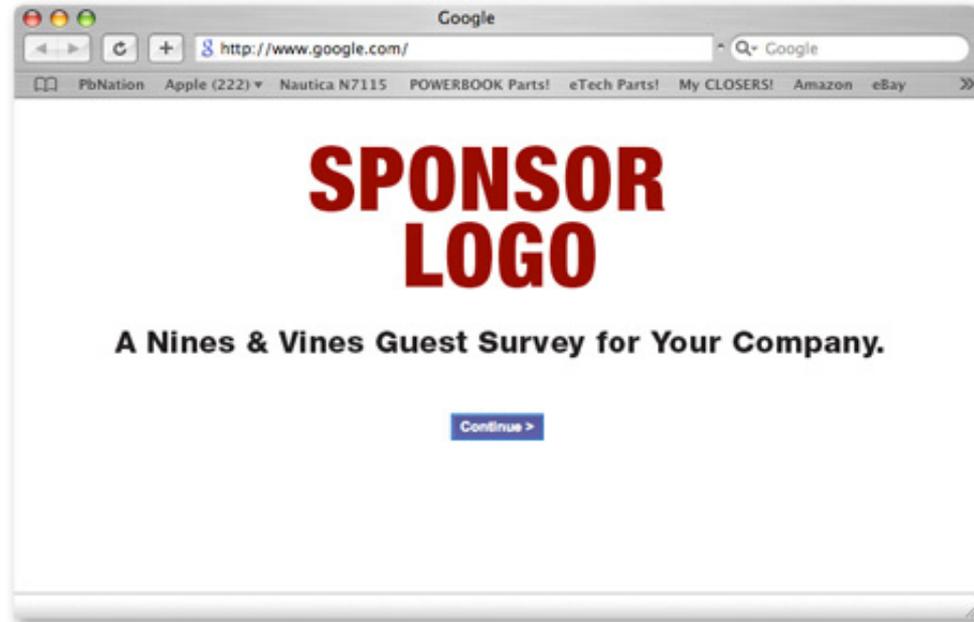

The day concludes with a luncheon and brief sponsor presentation offering thanks to the group for their time and participation. No golf awards are given, raffle prizes or other distractions to take from the quality of the day.

Special departure amenities can be provided such as a bottle of wine from the previous evening's dinner, car detailing or flowers for the golfers spouse.

MEASURED RESULTS

Following the event, a sponsor branded electronic event evaluation is created and sent to each client with consolidated results provided.

Additional follow up activities can be undertaken to extend the event impression.
